

# Advocate Toolkit For Kids!

# Resources in This Toolkit

Looking for a way to talk with kids about hunger, food insecurity and being a global neighbor? This toolkit and presentation helps you take that first step. Kids love getting involved and making an impact right where they are. This toolkit gives you the resources to get started.

## Presentation for Kids

You can share this with your kids using your computer, television or phone. All the information is at your fingertips — slides include: video, geography, statistics, definitions, book recommendations, ideas for how to make an impact.

Click here to view and share the AWP Presentation for kids:
